

Compliance & KYC Declaration

Company compliance statement

We affirm that our company operates in full compliance with all applicable laws and regulations governing trade, export, and commercial activities within the jurisdictions in which we operate. Our operations are conducted with proper licensing, regulatory approvals, and adherence to international trade standards, including anti-corruption, anti-money laundering (AML), and know-your-customer (KYC) protocols. We maintain transparent documentation practices to ensure traceability across our supply chain, from source to delivery.

We are committed to conducting business with integrity, accountability, and respect for ethical standards. Our internal processes are structured to ensure responsible sourcing, lawful contracting, and compliance with environmental and safety requirements where applicable. We actively cooperate with regulatory authorities and business partners to uphold compliance expectations and continuously strengthen our governance framework in line with evolving the best international practices.
